The HACCC Professional Development Committee is requesting proposals for the 2010 Drive-In Conference, themed “Career Services in Primetime: Getting Your Audience to Tune In”. The goals of the Committee are to balance topics that have broad appeal while addressing the needs of specific audiences (career center professionals and career counselors) and to select unique and innovative content, as well as more traditional foundation presentations.

Presenters are responsible for providing handouts for their session. You will be notified in advance of the approximate number of attendees for your session.
